

They should let it be, Im thinking about getting XM and do you know why? Thats right regular radio plays the same crap ALL THE TIME lets hear 50 cent 100 times a day or the same godsmack song from 4 years ago another hundred times. Im paying a fee for something better, should we all drive GEO metros because I dont like people driving a lexus? I dont care whats going on locally all 6 of our local news will have all the same topics another 100 times that night. Stuff like this pissed me off, quit your bitching!
